## VANADA IS LAUNCHED; AFFAIR A BIG SUCCESS

### Big Freighter Glides Majestically Off Ways---Band Plays and Crowd Cheers.

### GOV. DAVIS AMONG THE GUESTS

**Mrs. H. F. Morse Breaks Bottle of Wine Over Prow of Vessel.—Distinguished Gathering Present.—Crowd of 10,000 See Launching.—Buffet Luncheon Served Following Launching.**

Gliding majestically into the Potomac the big steel freighter Vanada, 9,400 tons deadweight, was launched at 2 o'clock this afternoon at the plant of the Virginia Shipbuilding Corporation without a hitch. This is the third ship to be launched by this corporation since it started operations in Alexandria.

Mrs. H. F. Morse, wife of the vice president of the corporation smashed a bottle of champagne over the prow of the ship as she left the ways.

Mrs. Morse presented a pretty picture as she stood on the christening platform, dressed in a pretty blue suit with hat to match and carrying a boquet of pink roses and ferns.

**Breaks Bottle of Wine**

At a signal given she with her right hand uplifted. let the bottle come down with considerable force, and the foaming wine scattered over the ship and a little also on the dresses of some of the women standing beside her including the dress of Mrs. Morse.

The camera men kept Mrs. Morse busy taking pictures as did also the movie men.

There was hearty laugh from the crowd assembled on the platform when one of the camera men remarked: "Mrs. Morse just as you break the bottle on the ship look this way."

The Vanada went out as far as the channel bank and soon was hauled into the company's pier where she will be completed. It is expected that this ship will be completed within the next six weeks.

**Launching Pretty Sight**

The launching was a pretty sight as the Vanada left the ways. The Marine Band from Quantico played patriotic airs, the siren at the yards let loose and there were lusty cheers from the throngs assembled as the ship proudly glided into the river with her colors flying.

The launching was attended by approximately 10,000 persons including Senators, Congressmen, and a host of other distinguished guests together with practically all of the officials of the Virginia Shipbuilding Corporation.

**Distinguished Guests**

Among the distinguished guests in attendance were Gov. Westmoreland Davis, Senators K. B. McKeller, John W. Simmons, Lee S. Overman, Chas. L. McNary, Senator and Mrs. Harding. Senator and Mrs. Lenroot, Representatives Robert A. Southworth, John F. Fitzgerald, James G. Monahan. Hon. C. C. Carlin, former Congressman, Admiral Moore. U. S. N., J. W. Stewart, Isherwood. System of Ship Construction, New York; W. T. Galliher, president of the American National Bank, Washington; Geo. G. Sharp, chief surveyor, American Bureau of Shipping; Capt. Charles A. McAllister, U. S. Coast Guard and E. P. Bertholf, U. S. Coast Guard; Hon. D. C. Roper, Collector of Internal Revenue; Rudolph Forester and Thomas Brahany, White House; J. L. Wilmeth, director of the Bureau of Engraving and Printing and a number of others.

**Luncheon After Launching**

Immediately following the launching came a buffet luncheon which was served in the company's commissary. A large number of invited guests were present at the luncheon and all greatly enjoyed themselves.

Following the launching the camera men made Governor Davis pose with Mrs. Morse for a picture.

**Gunston Hall Complete**

On Monday the freighter Gunston Hall, the first ship built by the Virginia Shipbuilding Corporation, will leave this port and soon start on her first cruise.

The Betsy Bell, the second ship to be launched by this concern, is now rapidly nearing completion. The keel for the Bellyhoe will be laid next Monday.

**Company's Plant**

The property purchased for the yard site is known as Battery Cove, and includes Jones Point, the present location of the light house, the place being marked where George Washington stood when laying out the original boundary of the District of Columbia, known as the "old district line." This property was then a meadow extending from the river to Lee Street, and from Agnew Shipyard on the north to Jones Point on the south. It consisted of "made land" filled in from dredgings from the Potomac River, at the time some eight years ago, when a thirty-foot channel was dredged to Washington.

On December 7. 1917, contract known as 145 S. C. for twelve ships to be constructed on this site was made with the U. S. Shipping Board Emergency Fleet Corporation. On this date plans for the yard were immediately undertaken, and tests of yard soil were started.

On February 1, 1918, the first pile was driven for foundation for yard structures. Today the following structures make up the plant of the V. S. C.

Fabricating Shop—Concrete pile with reinforced concrete capped foundation; steel frame, wooden siding and roof, 215 feet by 450 feet. Three bays: Middle, 50 feet; side, 80 feet each.

Construction started February 1, 1918; completed June 1, 1918.

The mold loft, 132 feet by 450 feet, is directly over the Fabricating Shop.

Administration Building—Brick on concrete pile foundation; two stories. Length, 120 feet by breadth 55 feet.

Construction began February 25, 1918; completed April 30, 1918.

Commissary—Wood frame structure, 180 feet by 120 feet. Capacity, 2,500 men simultaneously seated.

Construction begun March 22, 1918; completed June 3, 1918.

Other buildings follow: Acetylene gas house, blacksmith shop, electricians and riggers' shop, yard employment office, yard time office, joiners' shop, machine shop, metal workers' shop, paint shop, pneumatic tool house, power house store house, yard office dispensary, galvanizing shop, garage.

With the exception of four of the smaller yard offices, all the above buildings are of brick or concrete on concrete pile foundations.

## CLUB MEMBERS ENJOY SOCIAL

### Interesting Events Pulled Off At Old Dominion Boat Club

### MEMBERSHIP NOW 100

**Club Plans Another Smoker Which Will be Given Prior to Annual Regatta in July.**

One of the most delightful events of the season was the smoker given by the Old Dominion Boat Club last night.. Several interesting wrestling and boxing bouts between members of the club, interspersed with singing, refreshments and smokes, etc., enlivened the evening.

The entertainment proved so popular that it has been decided to hold another of these delightful events in July, just prior to the annual regatta, which will be held by the club early in August. At the regatta it is expected that several outside clubs will compete in the different events.

The Old Dominion Boat Club, which has reached the one hundred mark in active membership, is composed of clean, red-blooded men, who at the first call for men in the recent war, furnished twenty-seven men from a then active membership of fifty-one, a record of which it feels justly proud.

It is expected that a meeting of the Ladie Auxiliary will be held early in the next week, and on Thurday, June 26, will be inaugurated Ladies Day, and after that date on each Thursday between the hours of twelve (12) and six (6) the ladies will have exclusive use of the locker, locker room, and shower baths. A splendid swimming beach has been located on the opposite side of the river and transportation across the river will be afforded to all members of the Ladies Auxiliary, who desire to participate in that form of sport.

### BLIND GIRL CASHIER

**Bank Thieves at East Toledo Frightened Off, Leaving $12,000**

Toledo, Ohio, June 21.—Two bandits, after binding Miss Tessie Trudeau, teller and cashier of the Ironville brunch of the People's State Savings Bank; East Toledo, late yesterday afternoon, escaped with $800 in cash.

Depositors entering the bank frightened the bandits away before they could open the vault in which was $12,000 in currency. The robbers escaped in an automobile.

### ENJOY SOCIAL SESSION

**H. K. Field Bible Class of M. E. Church South Entertain**

Despite the heat and rain, a large number of the friends and members of the Henry K. Field Bible Class enjoyed the get-together meeting in the Young People's Building last night. There was plenty of good music by the Sunday School orchestra, singing of popular songs by the audience and solos by Messrs. Bernard Hamilton and Vernon Webster. George M. Carr was the accompanist. Later the treats and eats served by the ladies, and the smokes served by the class were promptly and probably dealt with.

### BELIEVE HUNS WILL SIGN

**Wilson is Opposed to Granting Any More Time**

London, June 21.—The Paris correspondent of the Telegraph asserted today a report that the German government had decided to sign the treaty was officially telegraphed from Berlin to Paris yesterday noon.

Paris, June 21. Travelers arriving ing here from Germany today reported that the former Kaiser and Field Marshal von Hindenburg had advised the German government to sign the treaty.

Paris, June 21.—Rumors of all sorts are deluging Paris as to what the Germans will do or not do, but the city remains strangely passive.

Five years of waiting have left the French public peculiarly lethargic. It seems as if the nightmare of war will never disappear.

One bright ray comes from American peace circles. Despite the conviction prevalent in well informed French circles that Germany will not sign, the American officials here nearly all believe the contrary. A high American diplomat said late yesterday:

"German business wants peace immediately, and German business will decide the issue. They will fume and fuss and seek delays, but the four armies of occupation are ready for action. Germany will not call."

The unconfirmed news from Germany of the overthrow of the Scheidemann government came in while President Wilson was conferring with the American delegation.

He is understood to have regarded this news as indicating that the Germans are preparing to sign.

Mr. Wilson told his colleagues that if the Germans sign he will leave for America the same night.

If they refuse he will depart a day or two later.

The President then took up with his fellow delegates the question of the attitude of the United States in the event of a request from Weimar for a further extension of the time limit.

Mr. Wilson is understood to have expressed himself in forceful terms against granting any such request. and the whole American commission is said to oppose any new delay unless it is based upon a flat undertaking by the Germans that they will sign the present terms.

### KILLS YOUNG DAUGHTER; BLOWS OWN HEAD OFF

Lexington, Tenn., June 21.—Martin Mincey, a farmer living near Waldersville, and his 17 year old daughter, Julia, are both dead as the result of shots fired by the former.

Ugly charges had been circulated about the father and it is believed that the double crime was committed in an effort to cover up depravity.

Mincey fired a load from a shot gun into the body of his daughter as she was hoeing corn in a field. While neighbors were carrying the girl's body into the house, Mincey blew off the top of his head with the same weapon.

### GERMANYS SUDDEN SHIFT

**Psychological Swing of All Political Parties For Peace**

Paris, June 21.—Indications that a psychological swing in favor of signing the Peace Treaty had set in in Germany and that all political parties were affected by it were received in dispatches from Germany to the Peace Conference yesterday.

Conference circles are cheerful over the outlook. It is believed that the signing of the treaty by Germany now is assured.

Thursday night, before the Scheidemann government handed in its resignation a small majority of the cabinet was oposed to signing and a small majority of the National Assembly was in favor of it. All parties except the Independent Socialists, apparently have split on the question and the old lines of cleavage have disappeared. The Centrists, Democrats and Majority Socialists are said to favor signing.

The general change in opinion is reflected in the newspapers. The conservative press is declaring that it is wrong to sign and is inveighing against the cowardice of the government. The extreme radical papers declare that the working people want peace at any price, while the middle group admits there is no other course left but to sign.

It is reported that the Germans have asked for a further extension of the time limit within which to act on the Peace Treaty.

## THIRD SHIP IN HER ELEMENT

The giant steel freighter Vanada, constructed at the plant of the Virginia Shipbuilding Corporation, was committed to the Potomac early this afternoon in the presence of a large gathering of Alexandrians, Washingtonians, and people residing in the surrounding country. While the area constituting the plant was thickly crowded, there were large gatherings on neighboring hills and in some cases housetops were utilized as vantage points.

The Vanada is the third ship which has been launched at this place in less than four months. A fourth (the Carratunk) will follow in a short time. The Boshbish will soon be in her wake, and during the next three weeks the Chancock will be consigned to her element. The keel for the Bellyhoe (the seventh of the fleet) will be laid Monday.

As was stated a few weeks ago, when the Betsy Bell was launched, that these modern steel steamers will hail from Alexandria, and carry the name of their home port to the antipodes.

While the gathering today was large, the uncertain weather conditions kept some away from the scene who would otherwise have been present.

## QUESTION OF SANITY

During the trial of a man for murder in Alexandria many years ago the defense put alienists on the stand for the purpose of making it appea rthat the prisoner was irresponsible at the time he assassinated a man in the street. Among other things, the alienist said the fact that a person shed tears indicates he or she is crazy. One of the counsel for the prosecution asked the witness if all children were crazy, as all, at times, cry; also if Simon Peter was crazy when he shed tears upon realizing that he had denied his Lord and Master.

That questions of criminals' sanity should not be brought forward during a criminal trial, was the idea proposed yesterday by Dr. C. F. McDonald, of New York, eminent psychiatrist, before the American Medico-Psychological Association, which bought its three day session in Philadelphia to an end last night.

Instead, the jury, according to Dr. McDonald, should simply be asked to pass upon the facts in the case and decide whether or not the prisoner actually had committed the crime. Under a verdict of guilty, a jury of alienists should be called in to pass upon the "sanity plea," should such a plea be made, and the findings reported to the court, which then would be in better shape to impose sentence.

"Had this method been followed," said he, "the Thaw case would have been disposed of in a few hours."

Dr. McDonald declared and deplored the fact in declaring it, that alienists of recent years had become objects of ridicule as a result of testifying in court upon questions of sanity. To this ridicule, he said, there had been added scorn and suspicion—not only by the public, but by the bar and the bench into the bargain. He urged that the English verdict of "guilty, but insane" be legalized in America, where the verdict of "not guilty" upon the grounds of insanity," was the common one.

He declared also that alienists for use in such cases should be paid by the State, and he urged that it was absurd to call upon counts of law to administer "Divine justice."

Dr. McDonald's stand upon the question of "guilty, but insane," was supported by a number of psychologists.

## THE LONGEST DAY.

Today, June 21st, is supposed to be the longest in the year. Our planet is now in appelion, that is at its fartherest point from the sun, approximately ninety-three million miles. On December 21st the earth will be in perihelion, its nearest approach, the orb then being about ninety million miles from the day god.

Our storm-tossed earth has made its orbit of six hundred million miles since June 21st, 1918. In order to accomplish this celestian journey it has been traveling through space at the rate of seventeen or eighteen miles a second—think of it!

We read of the marvelous speed of airships. Some would hail with an opportunity to sail among the clouds at a great velocity. But when we consider the fact that we are passengers on a planet which is passing through space at the speed of seventeen or eighteen miles a second, th space covered by an airplane in a hour is insignificant.

The poem of Joseph Addison on the wonders of the heavens was one of the selections in the old "English Reader," a text book of our greatgrandfathers. It is a jewel, although seldom read in this day of hurry and thoughtfulness.

The following is the last verse:

What though in solemn silence all
Move round this dark terrestrial ball;
What though no real voice nor sound
Amidst their radiant orbs be found;
In reason's ear they all rejoice,
And utter forth a glorious voice;
Forever singing, as they shine,
"The hand that made us is divine."

## THE COST OF DELAY

The suggestion that the time to have written the peace treaty was November, not June, is often repeated by people who have grown tired of the slow procedure of the Peace Conference. The New York Tribune says "the terms should have been presented on the heels of the armistice. Costly is the blunder slution to embody in the peace a so- solution of all sorts of complicated and delaying problems.

"Germany has been served by the postponements, by the speechmakings, by inevitable wranglings. The motive was doubtless noble, but fortunate will be the world if the consequences are not evil.

"No negotiator wished to serve Germany. But she was served. She was prostrate; she was allowed to get up. She was encouraged to think her surrender was not in fact unconditional. She came to believe she was making a bargain, not listening to a sentence after trial and conviction.

"When parleys are long drawn out they are likely to effect little—witness the Treaty of Ghent and the Peace of Vienna."

## ITALY ANGERED

**Cabinet Resigns When Deputies Refuse Vote of Confidence**

Rome, June 21.—Premier Orlando announced yesterday that his cabinet had tendered its resignation to King Victor Emmanuel, who had reserved decision.

The statement was made after the Chamber of Deputies had rejected, 250 to 78, the premier's action for the chamber to convene in secret session to consider a vote of confidence.

Before Orlando asked for a secret session he spoke at length on the international and internal situation. His speech was adversely received. He was often interrupted by uproars which compelled him to cease speaking. When he suggested a secret session every political group joined in a hostile demonstration. Many deputies left the chamber.

"Never during the war have nations in general, and Italy in particular, traversed such dark days," said Orlando. "Italy has not refused to collaborate in the solution offered by the peace delegates of other nations, but she remains firm in the claim which the allies indorsed when she entered the war."

## JURY FAILS TO AGREE

**Twelve Men Were Divided, Five Standing for Conviction and Seven for Acquittal**

Petersburg, Va., June 21.—The case of A. J. McKenney, whose trial for the alleged murder of Herman Hoffman on the night of the first day of last March, resulted in a hung jury. The case has been on trial in the Circuit Court of Dinwiddie County, Judge Robert C. Southall, presiding, for the past four days.

The jury reported to the court Thursday afternoon that it was impossible for them to agree. They stood five for conviction and seven for acquittal.

McKenney came near collapsing when the jury was brought into court and the foreman stated that they were widely apart as to the verdict and asked to be discharged.

R. H. Mann, counsel for McKenney, at once made a motion for bail, which was granted by Judge Southall in the sum of $5000. McKenney was unable to furnish the amount and was remanded back to jail, counsel stating that they would endeavor to furnish the bail tomorrow.

McKenney's wife was with him all during the trial, the result of which was a severe blow to her and her parting with her husband, whose innocence she has maintained ever since his arrest, was a touching and sad one, as she confidently expected his acquittal.

## PENALTY TOO SEVERE

The Court of Criminal Appeals at Austin, Texas, yesterday ruled that a life sentence in the penitentiary is too great for violation of the Texas prohibition laws. The opinion of the lower courts was reversed in the case of Mrs. S. E. Brittain sentenced in lower courts for life for alleged whisky sales.

You save time, trouble and money by dealing where you're known.
If your grocer knows you and your likes and dislikes, he can serve you as you can't be served by the store where you're just "a purchaser."
Most women today are engaged in too constructive work to spend their time in the picayune little details of "shopping" every time they need some groceries; too intelligent to break into their day's work by personally carrying home their groceries.
Our service to you is more than "selling groceries" — It's standing back of them! You take no chances. We can recommend the groceries we sell because we know all about them.
In baking powder, we recommend RYZON because we have tried it ourselves and know just what it will do. RYZON is the favorite of chefs and cooking experts throughout the country; of the leading hotels and clubs, hospitals and public institutions, because of its purity, efficiency and economy.
It is 40c per pound and worth more—the RYZON Baking Book consists of 200 tested recipes selected from over 10,000 and edited by Marion Harris Neil. Original price $1.00—ask us how to get a copy for 30c.

## SHOULD HUNS FAIL TO SIGN

**Allies Ready to Attack by Land, Sea And in Air**

London, June 21.—The Allies, and particularly Great Britain, are fully prepared to resume hostilities against Germany Tuesday morning if the Germans say no to the demand that they sign the Peace treaty.

In marked contrast to war's accustomed secrecy there is little that is not known regarding what the Allies intend doing.

Nevertheless the resumption of preparations for war is handled in a sensational way by the newspapers here.

The Allies are ready to march on Berlin and occupy the German capital in a week. Meanwhile they say Allied navy and air forces will immediately put a blockade of Germany into effect and bring up high explosives for the use of the troops if the enemy resists the Allied march into Germany. It was stated that these three arms of the service—the army, the navy and the air forces—are prepared as follows:

Forty-seven army divisions, numbering half a million men and composed of twenty-five French divisions, ten British, six American and six Belgian, for the land forces, twelve British light cruisers and several destroyers are concentrated off Copenhagen, while the grand fleet is at the Firth of Forth and again on a war footing ready to put to sea in full battle array. All British air forces are mobilized at the Royal Air Forces airdrome with full compliments of officers and men and two dirigibles, the R-33 and the R-34, are over Heligoland and Kiel respectively.

It was stated yesterday that these dirigibles carried great stores of bombs and sealed orders, which when opened a thousand feet in the air sent them sailing eastward.

Some observers in London believe the Germans may not sign, but a majority of them regard the dirigibles' expedition as good practice flights.

## PRIESTS WENT ON STRIKE

**Most Unique of Walkouts at Loreto, Italy.**

Rome, June 21.—A strike of priests, which is without precedent, has just occurred at Loreto, a celebrated resort of Pilgrims, whither, according to Legend, the house of the Virgin at Nazareth was miraculously transported by Angels in the year 1294. The priests asked for an amelioration of their financial condition owing to the high cost of living, and when their claims were not granted they stopped celebrating masses and performing other religious duties.

Monsignor Andreoli, Bishop of Recanati, in whise diocese Loreto is located, is intervening personally, in persuading the priests to resume their duties, promising to do everything possible to satisfy their de-

RUN DOWN SYSTEM BUILT UP IN TWO WEEKS

CHASCO-VIN, An Old Formula Prescribed by Doctors, Even to This Day. Guaranteed to Do So or Money Refunded. A Real Spring Tonic That Brings the Old Pep Back.

Thos who are weak and run down from sickness, overwork, worry or any other cause, can take nothing better than Chasco-Vin, an old compound prescribed by doctors more than anything else, consisting principally of Iron, Manganese, Hypophosphites, Nux-Vomica, Cinchona, Gentian and Native Wine.

It improves the appettte, increases the strength and vitality, often as much as 100 per cent and brings the old pep back. It has done this for thousands of others and will do the same for you.

To get the full benefit of Chasco-Vin, adults take a table-spoonful after each meal and at bedtime. Don't forget it. At this season of the year nearly everyone needs a good tonic.

The local agent for Chasco-Vin is Edgar Warfield, jr., corner King and Pitt streets.

The Possibilities of a Porch

TO transform a porch into an airy outdoor living-room for the summer is very little trouble. You need only a few chairs, a table, and a porch light. The light—because evening is the time when the porch living-room is most appreciated.

EDISON MAZDA LAMPS

If you use EDISON MAZDA Lamps in your home, the porch light will cost you very little, for you know with EDISON MAZDA Lamps you can have three times as much light as you can with old style carbon lamps—and still *use no more electricity*.

Let us demonstrate the saving and convenience of these lamps to you. Ed. 25

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

### CONVICTED OF MURDER

**Operators of North Carolina Still Sentenced to Twenty Years in Prison**

Smithfield, N. C., June 21.—Four white men were Thursday convicted here of murder in the second degree for the killing of Deputy Sheriff J. Alf Wall, who was shot while raiding a blockade distillery, and were given sentences of twenty years aech in the State prison.

The men were tried at a special term of Superior Court, called by Governor Bickett, their names being Jesse Hales, J. H. Evans, John W. Stancil and Spain Bailey, the latter being only nineteen years old.

Attorneys served notice of appeal and their bonds were fixed at $10,000 each.

The theory of the prosecution was that the four men had formed a conspiracy for the protection of their blockade distillery, to kill, if necessary to protect their plant. The defendants sought to prove alibis by many witnesses.

### GLAD TO TESTIFY

**Says Watoga Lady, "As to What Cardui Has Done for Me, So As To Help Others**

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others.

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

### LABOR FOR LEAGUE

**Backs Covenant Despite Weakening of Labor Clauses.**

Atlantic City, N. J. June 21.—Organized labor yesterday endorsed the league of nations covenant and the labor provisions it contains which, according to a cable message from President Wilson, have been weakened, although not materially.

In giving its approval by a vote on a proportional basis of 29,750 against 420, the reconstruction convention of the American Federation of Labor made it clear that "nothing in the endorsement can be construed as denying the right of self-determination and freedom to Ireland as recognized by this convention." An amendment containing the Irish provision was adopted unanimously.

### TEN YEARS FOR FRAUD

Norfolk, Va., June 21.—W. B. Treadwell, a contractor, who had handled immense shipments of government nitrate during the war, was yesterday sentenced to serve ten years in the Atlanta penitentiary and fined $25,000 for embezzlement from the government.

Treadwell was found guilty in United States court here on 21 counts on an indictment charging him with embezzling nitrate shipped through this port for the government. Evidence showed shipments valued at $100,000 have disappeared in transit.

The defendant made practically no defense. Pending motion for a new trial, the defendant was granted a stay of execution.

# The Good Will of an Army

The written and spoken word of American Army men, at home and abroad, has given the very name of Dodge Brothers Motor Car a new and a stirring significance.

**THE VOLUNTEERS OF AMERICA**

Under the Leadership if

GENERAL AND MRS. BALLINGTON BOOTH

Dodge Automobile Company,
Detroit, Michigan. May 12, 1919.

Gentlemen:

Several times while traveling through France and Germany I was inspired to exclaim, "I really must write to the Dodge Company, when I get home and tell them what I think of their car". Now, that I am home that intention has not weakened. I have spent the whole of this winter in France and Germany amid the mud and rain and shell torn roads of the battle front, and later over the steep mountains and through the narrow gorges between the Luxenberg and the Rhine.

General Pershing gave me for my use while I served the A. E. F. a Dodge car. With my little company of entertainers I was enabled to go to many of the boys in isolated spots who had no transportation to send for me and would have gone without entertainments had I not had my own car. We traveled hundreds of miles, some times over almost impassible roads. We scaled mountains, where at every minute we feared our little car might balk at further pressure. We never had a moment's trouble. I can say most emphatically that the Dodge gave splendid service and held out where we had found other cars disabled by the road side.

When my service with the Army was through and I had to return the car to them I felt as if I was parting with a personal friend and wished that it could run me down to Brest and be taken aboard the transport and sail for home with me.

From what I have heard from many sources I believe that others have had just as successful experiences with the Dodge at the front as we have had.

Believe me,

Very cordially yours,

(Signed) MAUD B. BOOTH.

# Reo

# You Must Provide Against The Tendency to Overload

**THAT IS TO SAY** the maker, in the design and construction, and you, in the selection of your motor truck, must provide against that universal tendency on the part of drivers.

**AND IT DOESN'T MATTER** if you yourself happen to be the driver—you will be just as likely to overload as anyone.

**YOU CAN'T CHANGE** human nature—so the only way is to reckon with it and provide against it.

**THE AVERAGE DRIVER** never stops to consider the bulk or the density of each particular kind of material he is hauling.

**HE WILL LOAD ON** all the body will hold—and the weight may be a ton or three tons, according to whether he is hauling groceries or pig iron, and regardless of the rated capacity of the truck.

**FOR EXAMPLE** one Reo owner—owner of fleet of Reo "Speed Wagons" by the way—during the war used to load this Reo "Speed Wagon" body full of rifles—three to four tons.

**AT THAT, HE SAYS** the Reo stood up so much better than any other he finally discarded all but his Reos and bought more "Speed Wagons."

**THERE'S THE POINT**—in the design, in the materials used, and in the making of this Reo, we have provided for every reasonable contingency—and, as indicated in the example just mentioned, some unreasonable ones as well.

**THAT REO STANDARD** factor of safety "50 per cent oversize in all vital parts," such as driving shafts, axles, bearings—and even the spokes in the wheels—is your guarantee against the universal tendency to overload.

**IN A WORD,** when, in your search for a motor truck, you select a Reo, you have solved your trucking problem.

**BUT REMEHBER THIS:** You can't always get a Reo on the minute. Demand is tremendous—always has been for Reos.

**SO ONLY WAY** is to place your order at once—then we can give you a definite delivery date.

**BUT DON'T DELAY**—there are not, cannot be, enough Reos to go 'round.

HELD FOR MAN'S DEATH

Victim Dies From Result of Blow Administered in Fight

Philadelphia, June 21.—James L. Greenfield, 35 years old, of 1521 Fairmont avenue, died yesterday in St. Joseph's Hospital from injuries received Wednesday in a fight at Sixteenth street and Fairmont avenue.

David McGinnis, of Sixteenth street near Fairmount avenue, who is alleged to have struck Greenfield, was held without bail by Magistrate Mecleary, yesterday in the Central police station, pending the action of the Coroner.

"I did it in self-defense," McGinnis told the police. "He owed me fifty dollars, and when we had an argument he struck me. I returned the blow as any other person would."

STORM IN PENNSYLVANIA

Growing Crops Damaged; Electric Service Tied up

Bloomburg, Pa., June 21.—The most severe thunder and hail storm Columbia county has ever experienced in years did many thousands of dollars of damage to growing crops yesterday, while hundreds of panes of glass were knocked out of Bloomsburg greenhouse.

The county's electrical service was tied up the greater part of the day, with many county industries dependent upon electric power compelled to close down for the day. Hail as large as walnuts fell at Mainville.

The house of Ray Watts was struck by lightning, and Mrs. Watts was rendered unconscious for a half hour. The house of Harry Christian, of Berwick, was struck, but the only damage done was the tearing of a bed to pieces otherwise the exterior and interior were untouched.

CLAIM R-34 CIRCLED OVER CITY OF BERLIN

London, June 21.—The R-34 returned Thursday afternoon from what is semi-officially described as "an interesting mission, successfully accompished."

Though the Admiralty is silent, the story will not down that the big dirigible circled over Berlin yesterday afternoon. It is admitted that she touched Baltic ports on her "interesting mission." Report also has it she penetrated as far east as Danzig.

No official stateemnt, whatever, has been issued to this cabling. The blimp's future movements depend entirely on whether peace is signed. If it is signed, she will depart for New York as soon as her landing place on Hazelhurst Field is thoroughly prepared.

BRITISH TORPEDO RUSSIAN CRUISER

Warship Sunk off Kronstadt—Trotzky Directing Defense of Petrograd

London, June 21.—The Russian cruiser Oleg was sunk on Wednesday by a British submarine, it is announced in a Russian wireless dispatch received yesterday.

The sinking occurred near the Tolbuchan lighthouse. The Oleg was a vessel of 6,770 tons.

ANOTHER ALEXANDRIA CASE

It Proves That There's A Way Out For Many Suffering Alexandria Folks.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Simpson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

## THEATRES

### GRAND THEATRE

Fritzi Brunette, whose sincere dramatic work thrilled the thousands who saw "Playthings," is starring at the Grand Theater in a Bluebird photodrama that will tilt life's symphony on your heartstrings.

It is called "The Velvet Hand," and is a story of an Italian peasant girl who swore the oath of the vendetta to kill the man who slew her brother.

How she found a great love in the brambles of life and how she changed her oath at the last minute forms the theme of this delightful photodrama.

Fritzi Brunette was not known as a Bluebird star before "Playthings" was filmed. Now she a sincere friend in every person who saw her dramatic revelation of a woman's soul.

Her personal charm and drawing power is greatly enhanced in "The Velvet Hand" by the sterling dramatic worth of the play.

Also big Western show.

### RICHMOND THEATRE

Theda Bara in the Wiliam Fox super-production, "The Siren's Song" will feature the prgram for today at the Richmond Theatre.

"The Siren's Song" is a powerful dramatic picture that tells in a new way the story of the eternal struggle of woman's love and sacrifice. Miss Bara portrays a little girl of Brittany, who is brought up in an environment of religious severity.

"The Siren's Song" is a remarkable drama, which offers Miss Bara exceptional opportunity to exhibit her great versatility.

### CUT THIS OUT

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The luck of phosphates is the cause of all enemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks time in many instances. Dispensed by Richardson and The Rexall Store.

STATEMENT OF THE OWNERSHIP,

### 2.75 BEER DEFENDED

**Injustice to Poor, While Rich Have Cellars Full of Wine.**

Philadelphia, June 21.—The poor man's 2 3-4 per cent. beer, "without a kick," is defended by the Rev. Dr. Russell H. Conwell at Grace Baptist Temple, Broad and Berks streets.

Beer as long as it gives "strength and comfort and is not intoxicating," is not opposed by Dr. Conwell. He called it an injustice to take away "the poor man's beer while the rich have their cellars filled with wines."

"As a church," he said, "we believe in temperance out and out, but we don't believe in this very unjust condition of things when the rich can fill their cellars for months and months ahead with liquors and the poor man cannot have his 2 3-4 per cent. beer after July 1. The whole thing is wrong.."

"The churches are not opposed to the poor man having his 2 3-4 per cent. beer if that beer is not intoxicating."

### CAMPAIGN AGAINST TOBACCO

Pittsburgh, Pa., June 21.—Plans for a nation wide anti-tobacco campaign, intended to follow the actual promulgation of prohibition, were yesterday given a setback here when Judge James McF. Carpenter handed down an opinion in Common Pleas Court refusing to grant a charter to the No-Tobacco Corporation. Petition was signed by prominent church people and ministers of this and other cities of the country.

In his opinion Judge Carpenter said the law creating organizations with judicial santion, in the form of granting charters, was not intended to provide for the incorporation of associations for the promulgation and progagation of theories.

### ASKS DRY PLEBISCITE

**"General" Coxey Says Prohibition Won Without Giving Soldiers Vote**

"Gen." Jacob E. Coxey, of Ohio, who twenty-five years ago led an army of unemployed men to this city, declared himself in favor of the initiative and referendum on the prohibition question last night at the meeting of the board of representatives of Local Union No. 2, National Federation of Federal Employes in Washington.

"Gen." Coxey accused the dry element of taking advantage of the absence of the soldiers overseas in "putting over" the prohibition amendment to the constitution.

His mission now, he stated, was to urge Congress to pass a law whereby the people could recall their representatives in Congress at will.

Marinettes, yeomen (f) and naval reservists in general came up for consideration with regard to their transfer from miktary to civil employment.

A bill now in Congress provides their gradual transfer to the civil service at equal rates of pay, it was stated, and requires each one to pass a civil service examination.

## AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and hearthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.
